## Once upon a time...

Beautiful stories often start this way, but, those are only stories. We live in the real life and the real life does not often look like a fairy tale. But life is also, at least some parts, what we are doing of our life. It is at this level that we must be careful, doing the best to live our life as beautiful as possible.

There is no secret: Righteousness, truth, love and prayer, those are main ingredients to a blessed life, however our personal situation; being single, married, children or not, young or less young.

But what can we do for that?

We find the answer in the Word of God.

*1 Peter 3: 10 to 12:*

*Whoever desires to love life and see good days,*

*let him keep his tongue from evil and his lips from speaking deceit;*

*11 let him turn away from evil and do good; let him seek peace and pursue it.*

*12 For the eyes of the Lord are on the righteous, and his ears are open to their prayer.*

*But the face of the Lord is against those who do evil."*

In the current context, Christian parents are facing a multitude of dilemma.

Raising children became a real difficult task because of the atmosphere due to images and texts the children have access to all the time. Let us do our best to be close to our children. Let us pray and read the Bible with them and

suggest Christian books for them, for their age. We can never control everything, but for sure, if we live before God and if we do our best that the ears God are open to our prayers, we are in the right way to be winners!

# Serve

## Follow your heart!

Reelected at the last General Assembly, Annie Nunes, used to be former advisor, is actually the secretary of the church board. She was baptized in 1972, four years later, when she arrived in Arcachon Bay, Annie started to serve the Lord.

She started to serve in the Sunday school and was an instructor for 15 years. What she likes is to serve other people.

So for her it was normal, after the service among the children and youth, Annie decided to go and visit ill or elder people with other sisters, she says; "I feel useful. It is a service that blessed me a lot.

And by my life experience, I have been able to help people.

Annie tells us; "God has put a service in each Christian's heart. Sometime, it is a service that is invisible.

When you are convinced, you must do it; she says before ending up in saying; "Follow your heart"!

# Let's Have A Look In The Retro

## A calendar for Granny

Almost one year ago, I saw the 2019 wall calendars being sold at the library and I bought one for my grand-mother. As Catholic, she had never done a personal experience with God.

But in September she called me and said to me :

"I was crying. I was feeling depressed and lonely. I turned to God, I told him how sad I was, and said : I cannot stay like this... Please, please help me !

Then I thought of reading this calendar I had forgotten for some time. I had barely read the title that I had the impression that God was talking to me. The topic was : joy in the Lord.

The page was a perfect answer to how I was feeling. It might sound crazy, but I know it was His answer.

It's amazing because in an instant the sadness disappeared and I was even happy. Since then, I can't stop reading this page. Thinking that God is really here with me, that he cares about me and hears my prayers, it is so comforting!"

Me too, knowing that my grand-mother had this experience with God makes me so happy.

## Let's help them to build churches

In France, it's like normal for us to have nice buildings for our church meetings and other activities in the church. It's wonderful that it is this way because it helps for the good testimony of the church.

welcome new people coming to listening to the Gospel.

Our brothers and sisters are living in poor conditions and they haven't the finances to build a meeting place, even if the Gospel is

## Goal for the autumn start

We have equipped our children for the school start; maybe we are also equipped to be ready for the next season coming. Why not equipping our children for their spiritual life and also for ourselves?

Reading books plays a key role in this area. First of all, we will read the Bible, the word of God. Maybe it is time to buy the first bible to our child, as he or she will learn how to read in school or buy another bible for the age to an older child, adapted to his or her age. And why not buying Christian books to your children, more useful than some books which encourage violence, that we found those days. And for ourselves, let us read books that encourage us to grow in faith.

Let's meet in the church library: you will find books for all ages!
